

Lucy Fisher
BA. Dip Ed, M.Ed

Lucy Fisher's educational career has been dedicated to enhancing student engagement and providing challenging learning for all students. Over her 30 year career she has worked in schools, district office and head office.

Lucy has led state-wide curriculum projects from kindergarten through to post compulsory schooling and worked as principal in two primary schools. From 2000-2003 she led the Curriculum Consultation, a state-wide review of curriculum from birth to year 10. This process resulted in the development of the *Essential Learnings Curriculum Framework*.

As Principal, Lucy is particularly interested in:

- Supporting teachers making their tacit knowledge about curriculum explicit.
- Empowering teacher leaders to support their colleagues in building a community of learners where leadership and learning are shared.
- Inquiring into the dilemmas of teaching and learning and critically reflecting on practice.
