Students should take four years of mathematics and science during high school. There are opportunities for dual enrollment courses with TNCC and career and technical options at New Horizons Regional Center.

Students should take Advanced Placement (AP), International Baccalaureate (IB), dual credit, or CTE courses, as applicable.

This plan of study serves as a guide, along with other career planning materials, for pursuing a career path and is based on the most recent information available. Individual student plans should be reviewed frequently with school counselor to ensure high school graduation and post-secondary entrance requirements are satisfied, as applicable.
