

Parents of TAG Students

Help influence and improve the Gifted Services program by joining the TAG Advisory Board

The Talented and Gifted Advisory Board of the Newport News Public Schools is seeking parents of TAG students for the 2008/2009 school year.

The primary purpose of the TAG Advisory Board is to support and monitor the various services offered to gifted students by the Newport News Public Schools. Our specific responsibilities include reviewing the local Plan for the Gifted, sponsoring programs of interest to parents, reviewing gifted programs in the schools, and making recommendations when appropriate. We do not address the problems of individual students.

The Board is made up of parents and teachers of gifted students, as well as community members and administrators. Our five annual meetings are held in August, October, January, March and May. We generally meet on the third Monday of the month from 7:00 – 8:30pm in the school administration building.

If you are interested in being a representative to the Board from your child's school, please fill in the form below. If you would like more information or have any questions, please contact the Membership Committee at tagadvisoryboard@nn.k12.va.us.

Or visit the TAG website at <http://sbo.nn.k12.va.us/tag/>

Prospective members will be contacted by email or phone.

Please return the form below by mail or via email to:

TAG Advisory Board Membership Committee
C/O Office of Gifted Services
Newport News Public Schools
